Optimal comfort and better support for your wrists

Balance Keyboard Wrist Rest is designed for anyone who uses the popular Balance Keyboard without a RollerMouse. Simply place it in front of your keyboard to achieve a more comfortable and effective support for your hands and wrists, and a more ergonomic working position.

The perfect partner to your Balance Keyboard

Balance Keyboard Wrist Rest has a soft core which disperses pressure and improves your hand position. Combining the Wrist Rest with the Balance Keyboard provides an ergonomic solution which angles your hands at a negative tilt; the optimal position for typing.
