

Laptop Riser

The Laptop Riser is a laptop stand designed to help you to raise your laptop screen to eye-level.

The Riser's durable steel body ensures stability and offers adjustable positioning from 0 to 80 degrees.

Contour's Laptop Riser enables you to achieve a comfortable and productive working environment. The Laptop Riser is designed to help raise the laptop screen to eye-level and to reduce the risk of back and neck pain. With this Riser you can elevate your laptop to fit your second screen, or you can use it alone combined with your preferred Contour mouse and keyboard. Whatever your setup, the Laptop Riser's durable steel body ensures reliability.

Get an ergonomic workstation even with limited office and desk space

- Raises the screen of your laptop to eye level and reduces tension in your neck and upper body
- Extend your available screen area whether at home or in the office without compromising your health
- Adjusts to your specific needs by raising it from 0 to 75 degrees from your table-top and tilting between 0 to 80 degrees
