Description

The equip® USB-C to HDMI 2.0 adapter is a small device that allows you to connect your USB-C enabled devices such as laptops, tablets, or smartphones to an HDMI enabled display like a TV or a monitor. With support for HDMI 2.0 technology, this adapter can deliver 4K Ultra HD resolution at 60Hz refresh rate, which means you can enjoy high-quality video and audio content without any lag or delay. This adapter is easy to use and does not require any drivers or software installation, simply plug-and-play. It is a convenient and cost-effective way to extend the functionality of your USB-C device and enjoy high-quality multimedia content on a larger screen.

Additional Information
