Pro Fit™ Ergo TB450 Trackball

Comfort and sustainability in your hand.

K72194WW

Product Description

Whether you're working from home, the office or on-the-go, today's users seek device solutions that prioritise both comfort and productivity, whilst keeping sustainability at the forefront.

The Pro Fit™ Ergo TB450 Trackball allows users to effortlessly transition from a mouse to a trackball and unlock the ergonomic advantages and space-saving benefits it offers. With its thoughtful design, the TB450 utilises a minimum of 50% post-consumer recycled content of the total plastic components.

Bluetooth® Low Energy or 2.4GHz wireless connectivity offer maximum flexibility. The TB450 also features a long battery life, a patented ball ejection system that simplifies cleaning and precise optical tracking.

Elevate your work setup with the Pro Fit™ Ergo TB450 Trackball - where comfort, productivity and sustainability

*Excludes PCB assembly and dry battery

Features

- The sculpted ergonomic design provides all-day comfort and features a unique 45° tilt that helps improve wrist and forearm alignment.
- Minimum 50% post-consumer recycled content of the total plastic components. Excludes PCB assembly and dry
- Choice of Bluetooth® Low Energy (LE) and 2.4GHz wireless connection options (2.4GHz nano receiver included).
- Long battery life up to 18 months (2.4GHz) and or 15 months (Bluetooth®).
- patented ball ejection system features a unique, easy-to-clean design with built-in trackball ejection button to effortlessly remove the trackball for cleaning when needed.
- A high-quality optical sensor accurately tracks the 34mm thumb-operated trackball, giving users smooth cursor control and optimal precision. The TB450 offers 4 switchable cursor speeds (400, 800, 1200 and 1600DPI).
- Plug & Play Installation for simple setup. Free KensingtonWorks™ software allows the TB450 to be personalised to enhance productivity. *Windows ARM-based computers are currently not supported. Please check back for future updates on compatibility.
- Government-grade 128-bit AES encryption for enhanced security to deter hackers from monitoring wireless connection and capturing sensitive information.
- This product is designed to comfortably fit users with average to larger sized hands.
