

ProDockExtreme® Gen 2

Universal USB-C to 4K HDMI, 4K DisplayPort® Dual Screen

4K
Resolution

Universal
USB-C

USB 3.1
Power Delivery

Display Video, Charge Devices and Transfer Data effortlessly from USB-C Devices!

Features:

- ✓ 4K Enabled for HDMI® & DisplayPort™
- ✓ Dual Screen, Mirror and Extend (Windows compatible only)
- ✓ Dual Screen and Mirror (Mac compatible)
- ✓ 2 x USB 3.0
- ✓ SD Reader
- ✓ USB-C
- ✓ 3.5mm Audio
- ✓ Gigabit Ethernet
- ✓ 100W Power Delivery
- ✓ Integrated USB 3.1 Type-C Gen 2 cable
- ✓ Light-weight, portable design
- ✓ Windows, MAC & Android compatible

Simple, Effective USB-C Connectivity

The ProDockExtreme® Universal USB-C to HDMI & DisplayPort® Docking Station provides a simple and effective connectivity solution for charging, data transfer and video display from USB-C devices. Users can choose between single 4K HDMI®, single 4K DisplayPort® or dual screen, mirror and extend for video output, with 100W power delivery from USB-C port.

Display, Charge, and Transfer with Ease

HDMI port supports video resolution up to 4K/2K@30z, both video and audio support HDCP1.4 and 3D video format at 1920/1080p@60Hz. DisplayPort® support video up to 4K/2K@30Hz, supporting both displays simultaneously.

Transfer data with ease and speed, with a 10Gbs USB-C data port and 5Gbs USB 3.0, both USB 3.0 ports can be used at the same time, both ports also support 5V 1.5A fast charge for external devices.

Portable and lightweight, the ProDockExtreme® is ideal for charging, data transfer, and video displays in virtually any working environment.

Part Code: HYP-USBCPD-X2

- 1 **USB-C** M/M Cable (10cm)
- 2 **HDMI®** 4K (Single Screen)
- 3 **Gigabit Ethernet**
- 4 **USB-C** Power Delivery & Data
- 5 **SD Reader** SD 2.0 480Mbps(60MB/s)
- 6 **2 x USB 3.0** (Supports USB 2.0)
- 7 **DisplayPort™** 4K (Single Screen MST)
- 8 **3.5mm Audio**

Port Type	Function	Details
HDMI	Video Output	Up to 3840×2160@30Hz (single), 1920×1080@60Hz (dual) HDCP 1.4, 3D support
DisplayPort	Video Output	Up to 3840×2160@30Hz (single), 1920×1080@60Hz (dual)
USB-A 3.0 (x2)	Data & Charging	5Gbps data speed 5V/0.9A charging up to 1.9A with PD backward compatible
USB-C Female	Power & Data	PD 3.0 charging (up to 85W) 5Gbps data speed when not charging
USB-C Male	Device Connection	Connects to USB-C PCs/phones no data or power transmission
RJ45 Ethernet	Network	10/100/1000Mbps supports PXE boot and Wake-on-LAN
SD Card Slot	Storage	SD 2.0 up to 480Mbps (60MB/s) data speed
3.5mm Audio Jack	Audio In/Out	Stereo output and MIC input supports 48KHz / 44.1KHz sampling
