USB-C 3.2 Gen2 10Gbps Cable with 100W Power Delivery, 1 meter

K38235WW

Product Description

When you need a flexible and reliable connection between your host device and Kensington USB-C docking station, this USB-C 3.2 Gen2 (1-meter cable) is the solution. Designed for desktop environments where your dock and laptop are not in close proximity. The cable is capable of carrying up to 4K video, 10Gbps data transfer speeds and 100W of charging for host devices that support USB-C Power Delivery (PD). (Not all USB-C devices are configured the same, so it's important to understand your host device's USB-C capabilities to ensure this cable will meet your expectations when plugged into a Kensington USB-C docking

Features

station.)
