Product Description

Privacy screen filters are a quick and simple way of preventing unauthorised viewing. Kensington privacy filters are a multipurpose tool that go further than just shielding sensitive data from prying eyes. Users can often be logging on from different devices in different locations each day, working in a range of varying lighting conditions. Additional features such as built-in anti-glare and blue light filters help make screen time more comfortable, no matter the

Features

- Limits the viewing angle to ±30°, ensuring only the person using the device can see what's on the screen.
- · Anti-glare and blue light reduction filters ease eye strain and promote natural sleep.
- · Compatible with touchscreen monitors.
- · Adds and extra layer of physical protection to your screen.
- · Mounting tabs allow repeated removal and re-attachment, or adhesive tape for a cleaner look.
- Reversible matte side to reduce glare and fingerprints or glossy side for a clearer view of the screen.
- · Manufactured in the EU with sustainable packaging
- · Check device and filter compatibility at www.kensington.com/findmyaccessory
