

HSM SECURIO P40i - 1 x 5 mm + metal detection and sep. OMDD cutting unit 2x2mm

HSM SECURIO P40i document shredder

Powerful data destruction with a high throughput performance. This document shredder impresses with its innovative IntelligentDrive motor and touch screen operating panel. Perfect for large working groups of up to fifteen people.

Technical data

Order number:	1884121N	Intake width:	330 mm
EAN	4026631059930	Container volume / collecting:	145 l
Cutting type:	particle cut	Collection volume in sheets (80 g):	2667
Cutting size:	1 x 5 mm	Noise level (idle operation):	ca. 55 dB(A)
Security level (DIN 66399):	F-3 P-7	Weight x Depth x Height:	580 x 550 x 1020 mm
Cutting capacity in sheets 80g/m²:	9	Weight:	72 kg
Power consumption:	1300 W	Shredder material:	Paper, Credit card, CD/DVD
Voltage / Frequency:	100-240 V / 50-60 Hz		

Product information

The innovative IntelligentDrive motor and operating technology offers three operating modes. Either for a particularly quiet, normal or a up to 40 % higher performance data destruction

Intuitive operation and multi-language menu selection via the high resolution 4,3" touch display. Relevant information such as operating modes and status reports are displayed. Consumable...

A separate metal detection feature protects the cutting unit and stops the device if metal parts, such as staples, are inserted. These can be removed and the shredding process can continue.

For continuous operation

The powerful motor ensures a high cutting capacity and reliable continuous operation.

Energy-saving

In stand-by mode, intelligent control programme EcoSmart ensures there is an exceptionally low power consumption of 0.1 watts.

Automatic start/stop

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.

Anti-paper jam function

Intelligent paper jam prevention. The machine recognises very quickly if too much paper has been fed in and reacts autonomously.

High level of user safety

User safety is paramount. A slight pressure on the safety element immediately stops the paper feed and prevents unintentional entry into the machine.

Convenient emptying

Robust wooden cabinet with castors. After opening the door, the reusable collecting bag can be easily removed and emptied.

Lifetime warranty on solid steel cutting rollers at security levels P-2 to P-5 (according to ISO/IEC 21964).
