Product Description

Professionals who spend long hours working at a desk often struggle with poor posture, eye strain, as well as neck, back and shoulder discomfort. The SmartFit™ One-Touch Height Adjustable Dual Monitor Arm supports more comfortable monitor placement. Thoughtfully designed to simplify proper ergonomic fit, it offers a fully articulating design for maximum flexibility. A heavy-duty build provides stability in every position while its gas spring monitor mount makes adjusting the height, depth and angle of your monitors effortless — from landscape to portrait mode. The built-in cable management system organises and conceals cables while the arm lifts your external monitor up and out of the way, decluttering and clearing valuable desk space.

Features

- SmartFit™ supports proper ergonomic eye-level viewing angles, as well as improved neck and shoulder alignment.
- The SmartFit™ One-Touch Height-Adjustable Dual Monitor Arm makes adjusting each external monitor's height, depth and angle effortless. With 170 - 505mm (6.7 - 19.9") height adjustment, $\pm 90^\circ$ swivel and monitor rotation and $\pm 90^\circ$ tilt adjustment, the product's fully articulating design gives you total control over the placement of your dual monitors, from side-by-side to vertically stacked. Its Counterbalance Tension Adjustment allows you to tighten or loosen the arm to accommodate a range of monitor weights with the same effortless and stability (Allen wrench included).
- The Kensington SmartFit™ One-Touch Height Adjustable Dual Monitor Arm is stable in any position, supporting a 13"-34" flat or curved monitors weighing up to 9kg (19.8lbs).
- The Kensington SmartFit™ One-Touch Height Adjustable Dual Monitor Arm is mountable by c-clamp (desktop thickness range: 10-85mm or grommet (desktop thickness range: 10-80mm; grommet hole diameter range: 10.5-50mm) – tool kit included. Its non-permanent, non-marking installation makes removal easy. An included quick-release, detachable VESA 75/100 plate makes the arm ideal for VESA mountable monitors.
- The Kensington SmartFit™ One-Touch Height Adjustable Dual Monitor Arm's built-in cable management system keeps cables out of sight and organised, held within the arm itself.
- The Kensington SmartFit™ One-Touch Height Adjustable Dual Monitor is tested to meet ANSI/BIFMA performance and safety standards.
