Accuratus Flat Universal Keyboard Cover (5,20,50,100 pack) - Easy Clean Durable Flat Universal Silicone Keyboard Cover - Large 45 x 14 cm

About

The Accuratus universal flat silicone keyboard cover is available in 2 sizes, full size keyboard and compact size keyboard designed to fit most keyboards. These universal covers are constructed of durable and flexible flat silicone, for fast and easy cleaning to keep germs, bacteria and virus's under control. These keyboard covers are perfect for hospitals, schools, universities, laboratories, offices, libraries, dental surgeries, publically shared devices and food processing plants where all items must be disposable for contamination control.

These transparent disposable keyboard protectors provide reliable protection without interfering with the operation in any way. They are designed to cover and protect surfaces against liquid spills, dust, food, oil, lint, bacteria, germs, finger prints, grease, moisture and can be used until soiled. They also prolong longevity! These skins will protect exposed keyboard surfaces yet leaving all keyboard markings clearly visible and fully functionable while staying snug in place so you can type easily. Available in packs of 5,20,50 and 100.
