## Description

---

The LevelOne HDMI Extender offers a ground-breaking solution for long range HDMI deployments, extending the range of Ultra HD signal broadcasts up to 100 metres from the source. Featuring both a transmitter and a receiver, signals are distributed over Ethernet cables, providing a crystal-clear, high-definition signal without the expense of using optical fiber. LevelOne HDMI Extender also supports both HDCP 1.4 and 2.2 which is sufficient to cover majority of HDMI devices. (Source and devices are needs to be same HDCP version) The integrated USB connection enable KVM functions
