Introducing
HyperVram®

Performance & Gaming Memory

Improve Efficiency and System Capabilities with HyperVram® High Perfomance Memory, for Gaming and Performance Users

Fast, Compatible and Reliable

Rigorously tested for stability and compatibility, HyperVram® DDR4 desktop Performance Memory is compatible with all desktop and gaming machines with a range of system specifications.

Improves Efficiency and Performance

Designed for high performance computer systems where increased memory density and fast access are often required; HyperVram® improves your system's data processing and creates a more responsive computing experience, at a fraction of the cost of other leading performance brands.
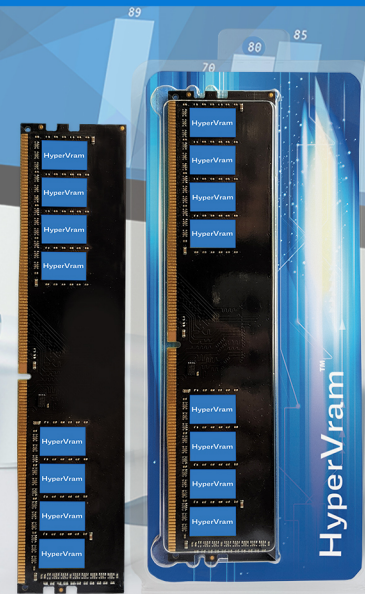

Greener, Lower Cost Computing

Consuming less power than its predecessor DDR3; HyperVram® DDR4 provides better, faster performance whilst simultaneously decreasing the power consumption of your machine.

Lifetime Warranty

Available in a wide range of capacities and speeds, complete with a Limited Lifetime Warranty, HyperVram® is the ideal choice for unleashing your systems potential.

For more information about HyperVram® Performance Memory, speak to your Hypertec Account Manager today.

Features:

- ✓ DDR4 8GB to 64GB
- ✓ Available Speeds 2666Mhz to 4133 Mhz
- ✓ Intel® Extreme Memory Profiled (Intel® XMP)20
- ✓ 288-pin, Dual-in-line Memory Module (UDIMM)
- ✓ Reset Pin for Improved System Stability
- ✓ On-Die Termination (ODT)
- ✓ Temperature Sensor with Integrated SPD
- ✓ Per DRAM Addressability is Supported
- ✓ Internal Vref DQ Level Generation is Available
- ✓ Gold Edge Contacts
- ✓ Lead Free and ROHS Compliant
- ✓ Low Power Auto Self Refresh (LPASR)
- ✓ Limited Lifetime Warranty
